

Swiss MediTec

Safety data sheet

(REACH regulation (EC) no. 1907/2006 - n° 453/2010)

Revision: 05.11.2015

Product name.Medi-Hypochlorite- Art.Nr. 10024**Section 1: Identification of the substance/mixture and of the company/undertaking****1.1 Product identifier**

Trade name: Medi-Hypochlorite

Article number: 10024 (30 ml)

CAS Number: CAS: 231-668-3

1.2 Relevant identified uses of the substance or mixture and uses advised against

Dental disinfectant For dental professionals use only

1.3 Details of the supplier of the safety data sheetManufacturer/Supplier: **Swiss MediTec**,

POB 513, 6162 Finsterwald; Switzerland

Tel. (+)41 56 624 02 37

www.swiss-meditec.ch,

info@swiss-meditec.ch**1.4 Emergency telephone number: (+) 41 79 482 32 98**

Organization

Section 2: Hazards identification**2.1 Classification of the substance or mixture****Classification according to Regulation (EC) No 1272/2008**

Skin irritation(Category 1B), H314

Serious eye damage(Category 3), H318

Specific target organ toxicity -single exposure(Category 3), Respiratory system, H335

For the full text of the H-Statements mentioned in this Section, see Section 16.

Classification according to EU Directives 67/548/EEC or 1999/45/EC

Xi Irritant R37/38, R41

For the full text of the R-phrases mentioned in this Section, see Section 16

2.2 Label elements

Labelling according to Regulatory (EC) No 1272/2008

Pictogram

GHS05

Xi

Hazard statement(s)

H390

Causes skin irritation

H314

Causes serious eye damage.

Precautionary statement(s)

P280

Wear protective gloves/ eye protection/ face protection.

P305 + P351 + P338

If in eye: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Supplemental Hazard

Statements none

2.3 Other hazards none

Section 3-Composition/information on ingredients**3.2 Mixture Chemical characterization: Substances**

Formula: NaClO

Molecular Weight 74.44 g/mol

Hazardous ingredients according to Regulation (EC) No 1272/2008

Component	Classification	Concentration
Sodium Hypochlorite CAS-No.7681-52-9 EC-No.231-668-3	Skin Irrit.1B,Aquatic Acute 1;H314,H400	<20 %

Product name.Medi-Hypochlorite- Art.Nr. 10024

Hazardous ingredients according to Directive 1999/45/EC

Component	Classification	Concentration
Sodium Hypochlorite CAS-No.7681-52-9 EC-No.231-668-3	C,R34	<20%

For the full text of the H-Statements and R-Phrases mentioned in this Section, see Section 16

Section 4:First aid measures

4.1 Description of first aid measures

General advice

Consult a physician. Show this safety data sheet to the doctor in attendance.

If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

In case of skin contact

Wash off with soap and plenty of water. Consult a physician.

In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician

4.2 Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11

4.3 Indication of any immediate medical attention and special treatment needed no data available

Section 5:Firefighting measures

5.1 Extinguishing media

5.1.1 Suitable extinguishing media

Dry Powder, carbon dioxide.

5.2 Special hazards arising from the substance or mixture

Hydrogen chloride gas,Sodium oxide

5.3 Advice for firefighters

Wear self contained breathing apparatus for fire fighting if necessary.

5.4 Further information

no data available

Section 6:Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas.

Ensure adequate ventilation. Avoid breathing dust.

For personal protection see section 8.

6.2 Environmental precautions

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

6.3 Methods and materials for containment and cleaning up

Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

For disposal see section 13.

Section7:Handling and storage

7.1 Precautions for safe handling

Avoid contact with skin and eye.

Always wash hands after handling.

For precautions see section 2.

7.2 Conditions for safe storage, including any incompatibilities

Store in cool place.Keep container tightly closed in a dry and well-ventilated place.

7.3 Specific end use(s)

Dental etchant,For dental professionals only.

Section 8:Exposure controls/personal protection

8.1 Control parameters

Components with workplace control parameters

Product name.Medi-Hypochlorite- Art.Nr. 10024

8.2 Exposure controls

Personal protection measures,such as a personal protective equipment.

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

Personal protective equipment

Eye/face protection

Safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Protective gloves

The glove material has to be impermeable and resistant to the product.

Body Protection

impervious clothing, The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection

For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator.For higher level protection use type OV/AG/P99 (US) or type ABEK-P2 (EU EN 143) respirator cartridges. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

Section9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

General Information

Appearance:	Form: Liquid and or Gel
Colour:	Colourless
Odour:	no data available
pH-value at 20°C:	no data available
Boiling point/Boiling range:	around 111 °C(water based)
Flash point:	no data available
Ignition temperature:	Decomposition temperature: Not determined.
Self-igniting:	Product is not selfigniting.
Danger of explosion:	Product does not present an explosion hazard.
Density at 25°C:	more than 1.2 g/ml
Solubility in / Miscibility with water:	Miscible.
Solvent content:	
Organic solvents:	<1%
VOC (EC)	0.00 %
Other information:	No further relevant information available

Section10: Stability and reactivity

10.1 Reactivity

no data available

10.2 Chemical stability

Stable under recommended storage conditions

10.3 Possibility of hazardous reactions

no data available

10.4 Conditions to avoid

no data available

10.5 Incompatible materials

Strong acids

10.6 Hazardous decomposition products

Product name.Medi-Hypochlorite- Art.Nr. 10024

Other decomposition products-no data available

In the event of fire: see section 5

Section 11: Toxicological information**11.1 Information on toxicological effects**

Acute toxicity: no data available

Skin corrosion/irritation

No data available

Serious eye damage/eye irritation

No data available

Respiratory or skin sensitisation

No data available

Germ cell mutagenicity

Carcinogenicity

IARC:A4-Not classifiable as a human carcinogen(Sodium hypochlorite)

Reproductive toxicity

No data available

Specific target organ toxicity -single exposure

No data available

Specific target organ toxicity -repeated exposure

No data available

Aspiration hazard

No data available

Additional Information

RTECS:

Not available

burning sensation, Cough, wheezing, laryngitis, Shortness of breath, spasm, inflammation and edema of the larynx, spasm, inflammation and edema of the bronchi, pneumonitis, pulmonary edema, Material is extremely destructive to tissue of the mucous membranes and upper respiratory tract, eyes, and skin., To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

12-Ecological information**12.1 Toxicity****12.1.2 Mixtures**

No data available.

12.2 Persistence and degradability

No data available.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available

12.5 Results of BPT and vPvB assesment

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher

12.6 Other adverse effects

No data available

Section13: Disposal considerations**13.1 Waste treatment methods**

Do not pour into drain or waterways. Dispose of waste in compliance with current legislation, preferably via a certified company.

Section14: Transport information**14.1 Exempt from transport classification and labelling.**

UN number

ADR/RID: 1791

IMDG:1791

IATA: 1791

14.2 UN proper shipping name.

ADR/RID: HYPOCHLORITE SOLUTION

IMDG: HYPOCHLORITE SOLUTION

IATA: Hypochlorite solution

14.3 Transport hazard class(es)

ADR/RID:8

IMDG:8

IATA:8

14.4 Packaging group

ADR/RID:III

IMDG:III

IATA:III

14.5 Environmental hazards

ADR/RID:no

IMDG Marine pollution:no

IATA:no

Product name.Medi-Hypochlorite- Art.Nr. 10024

14.6 Special precautions for user

no data available

Section15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

15.2 Chemical Safety Assessment

For this product a chemical safety assessment was not carried out

Section16: Other information

Full text of H-Statements referred to under sections 2 and 3.

EUH031 Contact with acids liberates toxic gas.

H314 Causes severe skin burns and eye damage.

H400 Very toxic to aquatic life.

Further information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
